LIBERAL ARTS

About the Program
San José City College offers an Associate in Arts in Liberal Arts with 3 different possible areas of emphasis: Arts and Humanities, Scientific Inquiry and Quantitative Reasoning or Social and Behavioral Sciences. A grade of “C” or better is required in all coursework for the major.

Art and Humanities courses emphasize the study of cultural, literary, humanistic activities and artistic expression of human beings. Students will evaluate and interpret the ways in which people through the ages in different cultures have responded to themselves and the world around them in artistic and cultural creation. Students will also learn to value aesthetic understanding and incorporate these concepts when constructing value judgments.
