Administration of Justice - Traditional Option

About the Program

San José City College offers an Associate in Arts (AA), Associate in Science (AS) and an Associate in Science for Transfer (AS-T) degree in Administration of Justice. Administration of Justice is the study of the causes, consequences and control of crime. Although the program's curriculum allows for the development of in-depth knowledge in one of the subject's substantive subsystems (i.e. law enforcement, juvenile, courts or corrections, judicial administration), our objective is to expose the student to a series of courses within the major intended to develop social and cultural sensitivity, effective communication skills, ethical

awareness, and the concepts of law necessary to be successful in one of the many Administration of Justice careers. Programs in Administration of Justice are designed to prepare students for careers in federal, state, and local law enforcement agencies, correctional agencies and institutions, and private security agencies.

Students considering transferring to the California State University system and are interested in continuing their studies in the following areas: Administration of Justice, Law Enforcement, Correctional Administration, Social Science, and Pre-Law should also review the major sheet for an Associate in Science in Administration of Justice for Transfer (AS-T).
