

# SOCIOLOGY - ASSOCIATE IN ARTS FOR TRANSFER

## About the Program

The Associate in Arts in Sociology for Transfer (AA-T) meets the lower division course requirements necessary for the California State University (CSU) system. Sociology is the scientific study of human behavior in society. It uses a variety of research and theoretical perspectives to analyze and explain human social behavior and social change. Sociology students examine a wide range of human interactions including marriage and family units, crime and deviance, culture and social change, group processes and interactions having to do with class, race and gender; diversity and globalization, social stratification and mobility and social movements. Program courses will help develop the student's ability to examine the broader connections between personal life, public issues and social structure. Sociology provides a valuable major for a diverse range of career paths including teaching, social work, probation officer, employment counseling, urban planning and others.
